ICD-10

Welcome to the UnitedHealthcare ICD-10 Online Resource Center!

Introduction to ICD-10

UnitedHealthcare has developed the ICD-10 Online Resource Center to give care providers easy access to a variety of resources to ease their transition to the International Classification of Disease, 10th Revision (ICD-10) that takes effect October 1. Please contact us at ICD10questions@uhc.com if you have questions. Thank you!

ICD-10 Readiness Survey

With the ICD-10 compliance date of Oct. 1, 2015 fast approaching, we like to learn more about where your practice is in terms of ICD-10 readiness. Please take a few minutes to complete this [ICD-10 readiness survey!](#)

ICD-10 Frequently Asked Questions

Our FAQ gives you answers to common questions from our health care providers regarding the ICD-10 transition. If you need more information, please send your question to ICD10questions@uhc.com. We're here to help!

Free ICD-10 Code Specific/ Specialty Specific Documentation Focused Webinars

The Payers Collaborative, a consortium of health care insurers including UnitedHealthcare, Humana, Blue Cross Blue Shield of MI, HAP and Priority Health, is offering a series of free one-hour webinars, which are code-specific, specialty-specific and focus on documentation. These sessions are at 11 a.m. (CT) every other Thursday. [Access recordings of previous webinars or register for future webinars.](#)

These webinars offer the following benefits:

- Examines diagnosis codes common to specialties to see how they might change with ICD-10.
- Checklists to help ease the transition to ICD-10.
- Free ICD-10 testing options offered to help assess staff's coding proficiency.
- Demonstrates that payers will be prepared to handle ICD-10 coded claims and encounters starting Oct. 1, 2015.

ICD-10 updates will continue to be posted as new information becomes available. If you have a question about the ICD-10 transition, please email questions to: ICD10questions@uhc.com. Thank you.

Introducing the Physician ICD-10 Coding Practice Tool

The [Physician ICD-10 Coding Practice Tool](#), an online self-service tool to assist physicians with the transition to ICD-10, allows providers to practice selecting ICD-10 codes for various clinical scenarios across 35 medical specialties.
